

**“Teachers and staff were very much family like
and really cared about the students”**

*** This student entered American School in Japan in 2006**

Q1 : Please introduce yourself. (Current School, Age, How long have you been at TYIS?)

I'm 17 year old and my current school is the American School in Japan.
I have been at TYIS for about 4 years.

Q2 : What were your favorite subjects / programs? What did you like about our teaching staff?

My favorite subjects and programs in TYIS were Music, Social Studies, and after school activities, such as Cooking, Harry Potter Club and Tennis. What I liked the most about the teaching staff was that they were very much family like and really cared about the students.

Q3 : Please tell us about any of your memorable events / friends etc.

I made many memorable events at TYIS. I enjoyed typing lessons in second grade, reading “Secret Garden” and learning American history in third grade, making “Ketchup movie” in fifth grade, painting the Mandala, going to Disneyland as graduation gift in sixth grade and so on. I also remembered creating Egyptian museum in culture week and the event when famous Sumo player Konishiki visited our school.
